

Metropolitan Transportation Commission  
Programming and Allocations Committee

March 5, 2014

Resolution No. 3914, Revised and 3925, Revised

- 
- Subject:** Revise the scope of \$1 million in AB 1171 capital funds for the Solano Transportation Authority (STA) I-80/680/12 Interchange project and revise the Freeway Performance Initiative Program in the Cycle 1 program.
- Background:** STA requests amending the scope of AB 1171 Allocation Number 30 for the I-80/680/12 Interchange project in Solano County. The scope change will allow for work related to the I-80 Freeway Performance Initiative (FPI) in Solano County, which includes improvements and benefits to the I-80/680/12 Interchange area. This scope change aligns eligible project costs and funding sources as FPI project elements are not eligible for federal funds.
- In order to accomplish the scope change, staff recommends approval of a rescission of \$1 million in AB 1171 funds from the I-80/680/12 Interchange project (allocation #30) and allocation of those funds to the FPI work scope of the I-80/680/12 Interchange project (under new allocation #34).
- The I-80/680/12 Interchange will remain fully funded with the proposed programming of \$1 million in Congestion Mitigation and Air Quality Improvement (CMAQ) funds, which will be considered under MTC Resolution No. 4035, Revised. See item 4b for the full resolution attachment. The CMAQ funds are available from the FPI subprogram of Cycle 1.
- STA expects Caltrans to award the construction contract for the I-80/680/12 Interchange project within the next month.
- Issues:** None.
- Recommendation:** Refer Resolution No. 3914, Revised and 3925, Revised to the Commission for approval. Because Resolution No. 3925, Revised is proposed for revision under multiple agenda items, it is included once under agenda item 4b with all proposed revisions. Only items approved by the Committee will be forwarded to the Commission.
- Attachments:** Resolution No. 3914, Revised.  
See item 4b for Resolution No. 3925, Revised.
